swimming pool

SOLEO

Intelligent solutions for
stress-free pool care.

FEATURES

- Water treatment either by liquid chlor injection or by salt chlorination
- Combination of reliable and well-known products
- Can be associated with a Speedeo to evolve towards automation

BENEFITS

- Complete water treatment solutions
- Reliable solutions
- Scalable solutions to even more piece of mind

- Adapts the filtration duration to the water temperature. Energy savings
- Anti-freeze protection (via activation of filtration)
- Display of the water temperature

- Disinfection via control of a salt chlorine generator or a dosing pump (accessories supplied separately)
- pH control via a dosing pump (supplied separately)

- System can be upgraded with SPEEDED® to control variable speed pump, lighting and a heat pump

TECHNICAL FEATURES

1. Control of single-speed pumps
2. Disinfection by electrolyser or dosing pump
3. pH regulation
4. Water temperature
5. External temperature
6. pH, RedOx readings
7. Flow information

SOLEO pH

Intelligent pH controller that keeps the pool pH at an ideal level and adapts the pump filtration cycles.

FEATURES

An intelligent pH controller that keeps the pool pH at an ideal level and adapts the pump filtration cycles.
