Totally Hayward®

A CONSTANT SUCTION POWER

- **«SpinTech™» Technology: debris separation thanks to the filterless cyclone vacuum technology (18 hydrocyclones)** which ensures maximum suction power throughout the cleaning process
- **«HexaDrive™» Technology:** the adaptive traction system with its 6 rugged variable-speed rollers allows the cleaner to climb the walls and clean them easily and efficiently
- **«TouchFree™» Collector:** no more dirty hands thanks to the transparent «TouchFree™» debris collector! Simply empty it and rinse it out in a single movement
- **«Spot Clean» Function:** WiFi app for programming and managing your cleaner from your smartphone (AquaVac® 650 model only)
- **«Tug & Catch» Function: easily retrieve your cleaner from your pool** (AquaVac® 650 model only)
- **Available in foam and brushes versions**, suitable for all types of pool
